STEM Awards Breakfast

March 5, 2021 | 7:30 am

Foundry Art Centre | 520 N. Main Center | St. Charles

Keynote: St. Louis-Lambert International Airport Director Rhonda Hamm-Neibuegge

The EDC’s annual STEM Awards Breakfast honors the highest achieving STEM High School Students in St. Charles County. Students who excel in STEM subjects academically or in their extracurricular pursuits are chosen by school leadership for recognition. One honoree is submitted from each of the County’s 18 public and private high schools.

While the EDC is planning an in-person event with COVID-19 precautions, a virtual event will be held if necessary. Sponsorship levels are below, including sponsorship conversions in the case of a virtual event.
